## ABA in Birmingham

Posted by zabari - 2008/06/03 11:10

---

Hi I'm originally from Anniston but have been in VA for the last 6 years. I have a 4 year old with autism, he is currently in ABA, speech, and occupational therapy. I want to move back to the area somewhere around Birmingham. I just wanted to know are these types of services readily available in Birmingham. Anyone know the general cost of services and if medicare pays in AL (it doesn't in VA). Thanks I recently visited my hometown and I would just love to move back, however I have to know if we can accomodate my son.

I work in the Birmingham surrounding areas as an Implementor of ABA programs. I am also available for shadowing and social skills groups.

I would be more than happy to help you all in any way that I can!

Hi Chelsia - I am a graduate student in Sped in MO and I am trying to find an ABA implementer for my nephew who lives in B'ham. Are you available? Please let me know at your earliest convenience.

We were receiving services from Hands but we pulled him due to questionable practices.

You may be interested in reading the findings from the Alabama Autism Collaborative Group labeled Needs Assessment. Insurance policies vary greatly as you know depending on the benefit package your company has selected. As of now, there has been no mandate for Insurance Companies to pay for ABA type services in Alabama. You will find ABA providers listed on our Resource Directory. Also, if you would like to talk to someone directly, I would encourage you to call Jennifer Robertson ASA's Information and Referral Coordinator at 251-259-5553.
